

## REMINDER!! 'SELF-Rescue for Pilots--'OCEAN COURSE'--w/ USCG, Harbor Patrol--(7:30 a.m. - 2:00 p.m.)

This course is simple, effective and focuses on open water (or large water body) survival. We will use actual and authentic gear to demonstrate proper use and purpose. You, as a 'surviving' pilot or passenger, will have a chance to set off water-dye, flares and use communication equipment in actual environment under real conditions. You will experience what it means to be exposed to real-time conditions in the Pacific Ocean while dealing with several levels of gear and equipment. (Fee Course - See Below)

**Directions:** I5 - EXIT 79: Pacific Coast Highway/Camino Las Ramblas - take PCH north towards Dana Point - turn left after ARCO into DANA POINT HARBOR DR - drive until Dana Point Kayaking Beach - FREE parking - MEETING POINT: CAPT. DAVE'S DOLPHIN & WHALE SAFARI

### A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
